BOSCH
Invented for life

Plena Public Address and Voice Alarm

▸ **High quality**

▸ **Ideal for midsized voice alarm applications**

▸ **Easy expandability**

▸ **Easy to install and maintain**

Designed to meet the stringent IEC 60849 standard for sound systems for emergency purposes, Bosch's Plena public address and voice alarm system offers all essential public address (PA) and emergency evacuation (EVAC) functionality, including system supervision, spare amplifier switching, loudspeaker-line surveillance, digital message management and an interface for a fireman's panel.
